

What's On Flyer

Monday 28th September - Friday 2nd October 2026

Cherry and Willow Forest School

Cherry and Willow class will be visiting Forest School on Tuesday afternoon for as they go minibeast hunting for their science lesson. Please can children bring a pair of wellies with them to school (if a pair are not all ready kept in school).

We will provide all pupils with an all-in-one waterproof suit to wear over the top of their uniform.

Data Collection Sheets

A reminder that Data Collection Sheets need to be checked and amended (if necessary) and before being signed and returned to the school office by Wednesday 30th September. Thank you

Missing Football Shirt

Please would families check to see if a Luston School football shirt has gone home for washing and not yet made it's way back to school. There are still a few missing following last term. Thank you.

Leominster in Bloom

We were thrilled to hear that we had won Leominster in Bloom's Overall Gardening prize this year. Mrs Tookey and her team of pupils put in a fantastic effort transforming our grounds into a Winnie the Pooh inspired mini-100acre wood, setting up a bird watching station and increasing our planting and wildlife habitats, alongside lots of colourful displays and projects. Congratulations on to all involved for such a wonderful success!

FLSA AGM & Bingo

Please keep an eye out for a letter from the FLSA being sent out this week with details about the upcoming AGM (21st October).

The FLSA are also excited to confirm that the date for this year's Christmas Bingo event will be Wednesday 11th November. More information about this will be shared very soon.

Recycling Week Challenge

Remember to bring your recycled creations into school for display by Friday 2nd October.

Star Mathematician: - **Amber**
Child of the Week: - **Kooper**

Redwood Class

Star Writer: - **Artie**
Star Mathematician: - **Emelia**
Child of the Week: - **Martha**

SPOTLIGHT ON...

Scientist

Alexander Von Humboldt

The greatest scientist you've probably never heard of! Long before modern climate science, Alexander von Humboldt had a remarkable idea: everything on Earth is interconnected. He was an extraordinary explorer, scientist and adventurer who travelled thousands of miles to understand our planet. He gathered evidence showing how changes in one part of nature could affect another. Humboldt's curiosity changed the way people thought about the world and inspired future scientists including Charles Darwin.

If you could explore anywhere in the world, where would you go and what would you want to discover?

Recycle Week

Create something new

14th-27th

SEPT

out of something old...

Join in the fun and create something new out of recycled materials. Bring your project into school for display by Friday 2nd of October.

Turn trash into treasure with your imagination!
